WmD?[®]

Your medication is called: Paracetamol

It is to help:

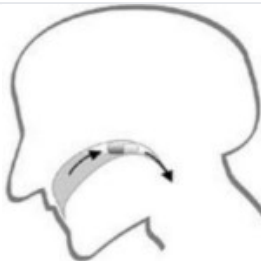

Pain

Fever

How to take, use, give:

Swallow whole

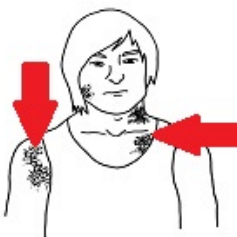

Take with a drink

Stick to the dose carefully. Do not take more than it says on the label

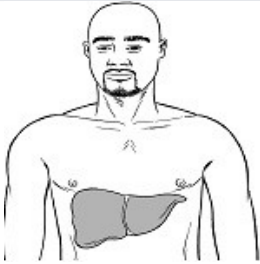

You may also: (tell a doctor or carer if any of these side effects worry you)

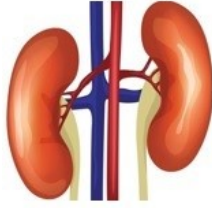

Get an allergic skin rash

You may also: (tell a doctor or carer straight away if you)

What you also need to know to keep you safe while on this medicine: (check with a health professional if you are worried).

Make sure your prescriber knows if you have ever had liver problems

Make sure your prescriber knows if you have ever had kidney problems (e.g. kidney stones)

Keep well out of the reach of children

Do not take anything else containing paracetamol while taking this medicine. Always check the label, as an overdose is very dangerous
